About Fight Cancer Foundation

Fight Cancer Foundation is a national charity dedicated to providing care, treatment and support for cancer patients and their families and funding vital research into cancer treatment and cures.

Founded in 1989 as the Bone Marrow Donor Institute to establish Australia's first bone marrow donor registry and find a cure for leukaemia, the organisation's broader scope now provides support services for patients with blood and other cancers.

Accommodation

Fight Cancer Foundation provides affordable accommodation for rural and interstate patients accessing major treating hospitals in New South Wales, Tasmania and Victoria.

Education Support

Fight Cancer Foundation provides education support to children and young people undergoing cancer treatment in New South Wales, South Australia and Victoria.

Research

Fight Cancer Foundation is proud of our longstanding partnership with The Royal Melbourne Hospital and Melbourne Health to fund vital research into better patient outcomes.

BMDI Cord Blood Bank

Established and operated in partnership, BMDI Cord Blood Bank sources and provides cord blood for patients needing a stem cell transplant for treatment of leukaemia and other life-threatening illnesses.

Australian Bone Marrow Donor Registry

In 1990, Fight Cancer Foundation was instrumental in the establishment of the Australian Bone Marrow Donor Registry. The Registry provides a second chance at life for patients unable to find a suitable bone marrow donor match from a relative. Today, the Registry provides access to more than 28 million registered donors worldwide.

Fight Cancer Foundation's Hilltop Accommodation Centre provides patients and their carers with comfortable and affordable accommodation close to the Albury Base Hospital, Albury Wodonga Regional Cancer Centre and other local treatment centres.

The facility is located just over 50 metres via a wheelchair friendly path to the Albury Base Hospital and the Albury Wodonga Cancer Centre. Staying at Hilltop relieves patients and carers of undue financial hardship and reduces the stress of having to undertake, sometimes daily, long distance travel to access treatment centres in Albury and Wodonga.

Our suites include kitchen, dining facilities, and ensuite bathrooms. The rooms are fully equipped with quality appliances, comfortable furniture and bedding. There are also rooms available for guests requiring wheelchair access.

Each floor features a friendly communal area called 'The Hub'. The Hub boasts a comfortable lounge area with television and stereo, a fully equipped kitchen and a dining area where you can enjoy a quiet meal or mix and mingle with other guests. To complete your home away from home, The Hub also features a large undercover balcony with outdoor lounge and dining furniture, and BBQ facilities.

All suites have individually controlled reverse cycle air-conditioning, a television, microwave, refrigerator, iron, kettle, crockery and a range of utensils. Bathrooms feature vanity, storage, shower and toilet. Some rooms also feature balconies and all enjoy sweeping views across the Murray Valley.
